Confirmation Bias

the tendency to interpret information in a way that matches your existing beliefs

Echo Chamber

a space (online or in person) in which you are only exposed to information that supports your existing beliefs

Filter Bubble

the result of online algorithms that tailor information based on your past searches and demonstrated preferences

Questions to Ask Yourself

1. Do all my sources say the same thing?
2. Are all my sources from the same outlet?
3. Do I agree with what all my sources are saying?
4. What might someone who disagrees with me say?
5. How did I find these sources?

When in doubt, let a librarian help you out!
