I. Library Services Update – Ted Bergfelt
   • Retired two scanners in Public Service area and replaced them with four new scanners. These scanners have double-sided capability.  
   • The Library purchased a new microfilm, microfiche and microcard reader.  
   • Room 402A (assistive technology) is being decommissioning and re-purposed as a collaboration space. The room will be equipped with a whiteboard and projector. New furniture is on order.  
   • David Nolfi and Allison Brungard did a First Friday presentation on mobile apps and access to library resources. Ruth Newberry also discussed Blackboard mobile apps.  
   • Currently we have forty circulating laptops for students. We are replacing sixteen.

II. Report of 24-hour study pilot– Dr. Saunders
   • Dr. Saunders distributed a report and showed a PowerPoint presentation to illustrate the successes and challenges of the 24 hour study pilot. The report was distributed and is also attached.

III. Sneak preview of 4th floor renovation plans – Dr. Saunders
   • Dr. Saunders shared a PowerPoint presentation showing the space planning before images and pointed out areas that need development. The Programming summary from DRS Architects was distributed and is attached.
